NUCLEAR SERIES RUBBER FLOORING WARRANTY GUIDE

Warranty

Summit International Flooring's Nuclear Series rubber flooring is guaranteed to be free from manufacturing defects in material and / or workmanship.

If the rubber flooring is found to be defective under normal conditions for a period of five years from the date of receipt (to original purchaser), Summit will, at its own discretion, replace the defective material or issue credit not to exceed the selling price of the defective goods. This warranty does not cover installation costs or other related expenses.

As with any rubber product, an initial rubber odor may exist. There may also be additional odors/fumes caused by the adhesive. These smells are normal and will "off gas" and decimate over time.

This information is intended to be used as a guide only and is subject to change without notice
